

MADISON REPUBLICANS TO MEET MAY 10

To Name State Convention Delegates—Moore, Wallace and Rice "Mentioned."

Republicans of Madison county will be called to meet in county mass convention here on May 10th at which time 30 delegates and alternates will be chosen to the state platform convention of that party which will be held in Lexington May 14. Hon W. O. Mays, chairman of the Madison County Republican Committee, will soon issue a call for the county mass convention at Lexington will formulate a platform upon which that party will go before the voters in the state races in November. There will be practically no contests for nominations by the republicans. Hon. Edwin P. Morrow, of Somerset, is already assured of his party's nomination for governor and the candidates for the other places on the ticket are being "hand-picked" by the leaders, it is claimed, in order to select a ticket that may have a chance of winning. The Pantagraph said the other day that friends are urging Hon. G. B. Moores to make the race this year for the republican nomination for representative in the legislature from Madison county, and it is expected he will yield to the solicitation of his friends and shortly announce his candidacy. Mr. Moores represented this county for one term but was defeated for re-election by Judge Rice, who is also expected to be a candidate for renomination and re-election on the democratic ticket.

In discussing the matter a few days ago, the political correspondent of the Cincinnati Enquirer mentioned Lieut. William Wallace, son of Hon. C. C. Wallace, prominent local republican leader and attorney, as a prospective candidate for the republican nomination this year. As Lieut. Wallace is still in Europe with the American forces, his friends seem inclined to think that he will not get into politics this year, anyway. He is now attending the University of Lyons, in France, a number of young Americans having been given opportunity by the government to take some of the higher work in several of France's world-renowned educational institutions, while the army is still kept on the other side. What the Enquirer said of Lieut. Wallace will be read with interest by his friends, however. It reads as follows:

A boom has been started by Republicans for Lieut. William L. Wallace, who is in France, for the republican nomination for Representative. Young Wallace is a son of Attorney C. C. Wallace and very popular. It is expected that he will return to his home in time for his name to get on the August primary ballot.

The Lexington Herald had the following about Madison's popular Representative in the last house, which will also be read with interest by his many friends. It said:

Judge Henry Clay Rice, of Madison county, will probably make the race for renomination and re-election as representative in the general assembly from that county. Judge Rice was one of the democratic leaders at the 1918 session and made quite a reputation as a speaker for measures in which he was interested as well as a presiding officer, as he sometimes wielded the gavel when Speaker Robert T. Crowe was not present or when that gentleman vacated the chair temporarily. If Judge Rice decides to ask for renomination, it is not likely that he will have any opposition.

HUNS TO BE MADE TO SIGN TREATY

Text of Document To Be Given Out Late Next Week—Italian Question Now Up

Paris, April 19—Havas — The text of the preliminary peace treaty will be published Friday or Saturday of next week, the Petit Parisien says.

The Echo de Paris declares that in case Germany refuses to sign the preliminary peace, a special train will immediately be put at the disposal of the enemy delegates for their return to Germany and the Allies will take military and naval measures to enforce the treaty.

Hun Delegates To Be Treated As Enemies Until They Sign

Paris, April 19—The German delegates to Peace Conference are coming to France by way of Spa, Belgium in their own conveyances, says the Petit Journal today. At Spa they will be placed on a special train provided by France and will journey under a military guard to Versailles where a military delegation will receive them and conduct them to their lodgings.

The German representatives, the newspaper adds, will be treated courteously but will be regarded as enemies as long as the peace treaty remains unsigned. They will not be allowed to go about as they please, nor will newspaper men be permitted to interview them on pain of being charged with communicating with the enemy.

Italy's Claims Presented By Extremist Statesman

Paris, April 19—Italy's territorial claim, especially in the Adriatic were presented to the Council of Four today by Baron Sonnino, Italian foreign minister. It is regarded as significant that he and not Premier Orlando presented the Italian case, because Sonnino is an extremist advocate of Italy's utmost claims. He signed the treaty of London and now holds Lloyd-George and Clemenceau to its pledges.

More Bavarian Fighting

Berlin, April 19—A Munich dispatch says that serious fighting between Bavarian communist and government troops occurred Friday near Freising, resulting in fairly considerable losses on both sides.

THE WEATHER

Fair and warmer tonight; Sunday fair; warmer east portion.

How Is Your Complexion?

A woman should grow more beautiful as she grows older and she will with due regard to bath, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

TARVIA PURCHASED FOR 12 MILES

Tate's Creek Included In Roads To Be Treated, Beginning May 15th.

At a called meeting of the Madison Fiscal Court, Friday, an order was entered directing the County Judge, County Road Engineer, and the County Attorney to purchase 50,000 gallons of tarvia which will be used as surface treatment for the 12 miles of turnpikes which was designated at the last meeting of that body.

By the terms of the contract, the Barrett Company will commence about the 15th of May applying the tarvia. A White motor-driven pressure distributor will be used to apply two coats of material which will be followed by the application of sand or screenings and in order to get the best results it will be necessary that travel be stopped as much as possible and Road Engineer J. G. Baxter will give notice through the Daily Register a few days in advance of the time of treatment and request that the public co-operate in the work by using another road for a day or two in order to get the best results from this work.

This material is to be furnished by the Barrett Company at 16 cents per gallon, or \$8,000, for the quantity purchased and the added cost of the sand or screenings together with the labor will make about \$900 per mile, and if it appears that good results are to be obtained, it is probable that more tarvia will be purchased and applied to the other turnpikes while the equipment is here.

Tate's Creek Included.

An order was entered designating the Tate's Creek pike as one of the roads to be treated with Tarvia, it having apparently been overlooked at the previous meeting of the court.

The County Engineer was authorized to procure a stone quarry from Liberty Cox by agreement, if possible, to repair the Kirksville and Kentucky river pike from Kirksville to the Lancaster pike, and it was directed in the event he was unable to make satisfactory agreement to procure rock in this quarry, to institute condemnation proceedings against Mr. Cox to secure stone for this section of the road.

All members of the Fiscal court were present except Dr. D. J. Williams, who is in Chicago, for a few days, and Squire Isaacs, of Berea.

Moved by threats of Senate leaders and rumblings in the House, the Ohio House of Representatives passed the Stark bill last night eliminating the teaching of German in all schools in Ohio under the eighth grade.

CAPT. TORRENCE HERE MONDAY NIGHT

A stellar attraction has been secured by Publicity Chairman E. W. Glass, of the Victory Loan, for Monday night Captain Jos. E. Torrence, who will address the citizens of this community in the interest of the "V" Loan.

Capt. Torrence comes to this city very highly recommended, as a public speaker and every one should make an effort to turn out to hear his remarks in behalf of this cause. He is just back from the battlefields of Europe, where he saw more active service, perhaps, than anyone from this section. He went through the siege of Verdun, Cateau Thierry, the Muse, and the Argonne Forest, and for has valiant service during these terrific engagements he was decorated with the Croix de Guerre, cited for conspicuous bravery and recommended for the Distinguished Service Cross.

The speaking will begin at 7:30 promptly Monday night at the court house and a large crowd is expected to hear Capt. Torrence.

POLISHED PEBBLES PLEASES AUDIENCE

A large audience heard the best performance of the season which was in the chapel rooms of the State Normal School last evening under the title of "Polished Pebbles." This delightful operetta was given by the Normal and Model School Glee Clubs under the personal direction of Prof. S. S. Myers, assisted by Miss Brown E. Telford, accompanist, and the entire cast displayed unusual talent in presenting the delightful little play.

Miss Laura Blanton, as Rosalie, and Misses Stroker and Harlow as Millicent and Winifred, were exceptionally clever with their parts while Lloyd Moore, Mary Wilder, Zerelda Baxter and Ralph Tyree were the recipients of a great deal of applause from the enthusiastic audience. Julia Enright, as Martha, the country girl, and Leslie Evans, Jr., as Nick, the country boy, acted their roles to perfection, and especial mention is to be given to the Normal School orchestra which rendered a beautiful program during the evening.

Prof. Myers and Miss Telford are the recipients of many congratulations upon their splendid presentation of this delightful operatta.

HARRY RICE WOUNDED

Lieut. Harry D. Rice, son of Mr. Z. T. Rice, of this city, is included in the casualty list released today by the War Department. It does not state just where he received his wounds, but in a letter received by his father, he says he was slightly gassed but has entirely recovered and is now stationed with the 89th division in France. Friends of this popular young officer will be glad to hear that his wound was only slight and that he is able to report with his company.

The Honor Roll for today includes:

Wounded Slightly—Harry D. Rice, Richmond; Private Hal Spencer, Glendale.

Died of Wounds—Dale L. Wilson, Maysville.

CAMPAIGN NEARS \$3,200 GOAL

Reports From County Bring Total Collected For Jewish Relief To \$3,000

The success of the campaign for Jewish Relief is assured. The workers who went to assist the county teams are bringing in good reports. In some cases no assistance was needed by the county teams as they had about completed their work. Chairman Green feels confident that Madison will go over the top with her quota of \$3,200, as the figures are now approaching the \$3,000 mark. Old Madison always does her part.

The campaign for Jewish Relief has the endorsement of the leading people of the county. President Wilson says:

"From statements which I have previously made, you know how sincere my belief is that the American public, irrespective of race or creed, should respond liberally to the call for help from stricken Europe, and I feel confident that the needs of the Jewish people in the war zones will find a ready response from their co-religionists in this country."
